linkedin.com/in/richuraju02 | dazaicodify.github.io/Portfolio

Professional Summary

Computer Science graduate with hands-on experience in software development and a passion for building reliable, user-centered solutions. Currently expanding skills in AI and Data Science while seeking opportunities to contribute to collaborative development teams and production systems.

Technical Skills

Programming Languages: Python, C, JavaScript, Java

Web & Backend: Flask, REST APIs, HTML5, CSS3

Cloud & Automation: Selenium, AWS EC2, Git

Data & ML: Pandas, TensorFlow, Keras, Seaborn, Scikit-learn

Database: MySQL, MongoDB

Projects

Diabetes Prediction System using Machine Learning

Jan - Feb 2026

- Built an interactive Streamlit web app for real-time diabetes risk prediction, bridging the gap between ML backend and user interface.
- Optimized an SVM classifier using StandardScaler and cross-validation to ensure robust performance on the PIMA dataset.
- Tech Stack: Python, Streamlit, Scikit-learn, Pandas, NumPy

BFS Pathfinding Visualizer

Nov - Dec 2025

- Created terminal-based maze solver implementing Breadth-First Search algorithm with real-time path visualization
- Tech Stack: Python, curses library, queue data structures

Cognitive Response Training Platform

Nov - Dec 2025

- Prototyped aim training game with dynamic target generation and collision detection tracking accuracy and reaction metrics
- Applied object-oriented design with modular class architecture for game components
- Tech Stack: Python, Pygame, OOP principles

Nike Landing Website

May - June 2025

- Constructed mobile-responsive landing page with reusable component architecture and custom design system
- Tech Stack: React, Tailwind CSS, JavaScript, responsive design patterns

WhatsApp Message Automation System

July - Aug 2025

- Engineered scheduled messaging system with CLI interface and exception handling using Twilio REST API
- Tech Stack: Python, Twilio API, schedule library, error handling

Immersive VR Automotive Showroom

Sept 2023 - Jan 2024

- Designed immersive VR showroom with real-time vehicle customization and interactive navigation system
- Optimized 3D models using LOD systems and occlusion culling for improved performance
- Tech Stack: Unity3D, C#, XR Toolkit, Blender, spatial audio

Experience

DataMites Global Training Institute, Chennai

Sept 2025 - Present

AI & Data Science Training Program

- Learning machine learning fundamentals including supervised and unsupervised algorithms with practical implementation
- Developing hands-on projects in Computer Vision and Natural Language Processing for real-world problem solving
- Tech Stack: Python, TensorFlow, Keras, scikit-learn, OpenCV, NLTK, Pandas, NumPy

Facein Technologies Pvt Ltd, Kochi

May 2023 - June 2023

Web Development Intern

- Developed full-stack web applications with server-side logic and database integration
- Collaborated with development team on code reviews, testing, and debugging
- Tech Stack: HTML5, CSS3, JavaScript, PHP, MySQL

Education

B.Tech in Computer Science and Design

Nov 2021 - June 2025

Viswajyothi College of Engineering and Technology, Muvattupuzha

CGPA: 7.3/10

Higher Secondary Education

De Paul Public School, Thodupuzha

June 2020 - Aug 2021

Percentage: 90.6%

Certifications

- Data analysis Fundamentals - Google (Coursera)
- Data Science (Basics) - Infosys Springboard
- Introduction to AWS - Skillsoft
- SQL (Advanced) - HackerRank
- Basics of Python - Infosys Springboard

Leadership and Achievements

- **IEEE Society Chair (2024):** Led community technology projects and coordinated cross-functional team operations
- **IEEE Treasurer (2023):** Managed budget and financial operations for technical events
- **NSS Senior Energy Cell Coordinator (2023):** Organized technical sessions and awareness campaigns
- **Head Coordinator, Bodhi 2024:** Directed tech related treasure hunt event at national tech fest
- Secured **2nd prize** in Meetmind App Development Competition

Languages

English (Fluent), Malayalam (Native), Tamil (Conversational), Hindi (Conversational)
